

Santa Rosa Shooting Center

Membership Policy

Effective 1 January 2025

General

Santa Rosa Shooting Center (SRSC) offers annual memberships for all shooting disciplines and punch passes for Rifle/Pistol and Archery. Memberships are offered for individuals and families (Corporate Memberships are available for Clay Shooting). Memberships expire 1 year from the date of purchase. Specifically, a membership's expiration is the same date of purchase of the following year. Consecutive memberships may be purchased and combined.

SRSC Memberships are not equivalent to other club-style memberships. SRSC memberships are designed to provide discounted fees to our frequent guests and shooters. Shooters who visit SRSC monthly or less frequently might find the non-member rates to be the better value.

Members should have high expectations for the SRSC staff and facilities. Our commitment is to provide an enjoyable, clean, reliable, welcoming, and consistent shooting experience. At the same time, SRSC has equally high expectations of our members. Members should be exemplars of range safety and shooting etiquette while also serving, occasionally, as ambassadors for shooting sports. Members should set a good example by abiding by the policies established in the Range Operations Guide, obeying the 3 Basic Gun Safety Rules, policing spent brass and hulls, always wearing proper ear and eye protection, and even helping new shooters to also enjoy shooting at SRSC.

Clay Shooting Membership

The Clay Shooting Membership is an annual membership designed to reward the frequent shooter with discounted costs and increased access to our clay shooting facilities. Whereas non-members pay \$.50 per clay thrown, Clay Shooting Members pay just \$.43 per clay thrown. Members are given their own Promatic Clay Card for use on all SRSC traps. Members may load up to 9,999 clays on their card at a time. (Of note, if members allow their memberships to expire, they must return their Clay Cards to SRSC regardless of the balance of loaded clays. The balance of loaded clays will be converted to non-member rate equivalent and returned via Gift Certificate.)

A secondary benefit to the Clay Shooting Membership is access to our shooting supplier. Members may make purchases with Gamaliel's Shooting Supply and those purchases will arrive with SRSC's shipment, saving the member shipping and, as applicable, HAZMAT fees.

Santa Rosa Shooting Center

Membership Policy

Lastly, Clay Shooting Members are allowed special access to SRSC clay facilities when closed for regular business (daylight hours only). Clay Shooting Members have access to the West Members' Gate.

The Individual Clay Shooting Membership offers a discounted rate and benefits for the named member only. Similarly, Family Clay Shooting Memberships apply to immediate family members. A single, Family Clay Shooting Membership card is issued and should be presented in the clubhouse anytime a family shoots at SRSC. The Corporate Clay Shooting Membership is different in that the corporation is issued 5 cards in the company name. 5 company members at a time, then, may take advantage of membership benefits/shoot at SRSC facilities.

Upon arrival, Clay Shooting Members must sign in at the clubhouse before shooting. Members shooting outside of regular hours must still sign-in at the kiosk located near the members' gate.

*Clay Shooting Members may not allow non-members to shoot on their card; guests should shoot on non-members cards acquired in the clubhouse. Or, guests may shoot on a member's card if each guest pays a \$10 fee. SRSC recognizes that this policy, largely, relies upon the honor system. So, if a member brings guests to shoot when SRSC is closed, it would be appropriate to go ahead and enjoy the shoot and bring the \$10 per guest to the clubhouse at the next visit.

The Clay Shooting Membership is \$150 for individuals and \$250 for families. The Corporate Membership is available for \$500 (includes 5 Membership Cards and 5 Clay Cards).

Rifle/Pistol Membership

The Rifle/Pistol Membership is an annual membership and designed to reward the avid shooter. We wanted to provide access for less than \$1 a day and are proud to offer the Individual Rifle/Pistol Membership for \$325 for a year of unlimited range access. Like all guests, Rifle/Pistol members must sign-in at the clubhouse and receive a wrist band before shooting. Unlike non-member guests, the Rifle/Pistol Member does not pay a daily usage fee and may visit any time during normal operating hours. Rifle/Pistol Members do *not* have access to SRSC ranges outside of normal operating hours.

The Family Rifle/Pistol Membership is \$450 and intended for members of an immediate family. Friends and extended family are not included in the Family Membership.

A secondary benefit to the Rifle/Pistol Membership is access to our shooting supplier. Members may make purchases with Gamaliel's Shooting Supply and those purchases will arrive on SRSC's shipment, saving the member shipping and, as applicable, HAZMAT fees.

Santa Rosa Shooting Center

Membership Policy

We also offer a Punch Pass for the Rifle/Pistol ranges. The Punch Pass is a prepaid card of 10 visits for \$175. Shooters present their Punch Pass in the clubhouse prior to shooting. The Punch Pass is not issued in a guest's name; multiple guests may shoot with the Punch Pass (one punch per shooter).

Archery Membership

The Archery membership is built to provide archers year-round access to a competition course with the flexibility to add custom targets. The Archery Membership is a good investment for those shooters who will use the range more than 10 times in a year. Like the Rifle/Pistol Membership, Archery Members have full access to the range and only need to sign in at the clubhouse before shooting. As non-members pay a per-hour fee to use the Archery Range, members are expected to limit their range use to an hour if other shooters are waiting.

A secondary benefit to the Archery Membership is access to our shooting supplier. Members may make purchases with Gamaliel's Shooting Supply and those purchases will arrive on SRSC's shipment, saving the member shipping fees.

Archery Members have access to the SRSC Archery Range outside of normal operating hours (daylight hours only). Members are given access to the Members' Gate located West of the Main Entrance.

Individual Archery Memberships are available for \$80; Family Archery Memberships cost \$125.

Full Club Membership

Full Club Members are distinguished by the black member's card. Full Club Members have access to all Santa Rosa Shooting Center facilities and enjoy all shooting membership benefits from each discipline. The Full Club Membership is ideal for guests who enjoy shooting of all types and who are regular shooters.

Full Club Membership is available for individuals for \$425 and \$600 for families.
